Subject: BESS Storage Werrington

Evening,

I am shocked and appalled that local councillors have voted in favour of building more BESS sites on greenbelt land in Werrington/Wetley Rocks. Those involved in this decision should be ashamed of themselves for destroying the local area. It is clear that they have no allegiance to the actual people who live in the area and the habitat that it provides for wildlife. It is sickening to think that dangerous batteries the size of shipping containers will replace the beautiful green fields and trees.

How can this destruction of nature for the pure greed of people be classed as 'green' energy?

This decision should be revoked.

Many thanks,

Jessica Naylor
