Submission: Objection

Comments: My property is situated at the end of the lane which will be used as access to the proposed facility at Pear Tree Farm, This is our only access to our home. When the lower section of the road was constructed when Hansons quarry reopened it was classed as a LOW USER ROAD for residential use. The road is single track with passing places only at the very top and bottom. I envisage vehicles having to either reverse back on to the main road or wait before turning (where as you know there is a constant stream of lorries) Alternatively they would try to pass on the narrow lane destroying the grass verge on either side as a consequence. I would consider this to be totally unacceptable. Yours faithfully G. Gordon
