Comments: The above planning application has reference to land which is currently in my ownership This land is edged pink on the application apart from field No SJ92474892 and the field in which the proposed building is to be located. I wish to state that I have previously rented the field in which the proposed agricultural building is to be sited but this has not been the case since 2022. I do not object to the proposed agricultural building on the applicants own property but I do object to the inclusion of my own private land as part of the agricultural holding in the application. I therefore request that the above mentioned land and any reference to it be removed from the application.
