Submission: Objection

Comments: I object to yet another children's care home being opened in the area. We have 30+ care children's care homes in the staffordshire moorlands, and another is to be opened.

There is very little if no information on the company running the proposed care home. We have 2 known care homes on leek Road and another large one at a farm in brown edge. The carehome children find seek each other out and they walk around in large groups causing issues in the area. There have been numerous complaints about anti social behaviour in the area about groups of kids in general.

There is virtually no police force left, and the owner has posted on social media to say police will be regularly attending the address to try and turn the presence of police into a positive, were as they only turn up when kids are kicking off and causing damage or going missing.

To have 5 teenage kids in a care home in a residential area, will cause extra noise (music gaming) etc.

I know these under privileged children need care and a place to live, but seriously why can't they choose a location in a less densely populated area.

Yes the company will say they need integrating into the community, but they don't, they tend to find other children in other care homes and they walk around in large numbers causing issues for local residents.

These companies get paid astronomical amounts of money to care for children and they don't care about local residents.
