Comments:

I am writing to express my opposition to the proposed establishment of a children's home for young people with learning difficulties, mental health and substance abuse.

While I fully support initiatives that help vulnerable children, I have serious concerns about the potential impact of this facility on mine and my family's daily life and the safety of my property.

1. Safety Concerns: A home for children with mental health and substance abuse issues could pose safety risks to myself, my family and the local residents.

There is potential for antisocial behaviour which may put myself, my family and the surrounding local community and properties at risk.

2. Impact on Property Values: The presence of such a facility is likely to deter potential buyers and reduce the value of properties in the area.

While I understand the importance of providing care and rehabilitation for children in need, I believe that this facility's location should be reconsidered in favor of an area that is better prepared to support its mission without compromising the safety and well-being of nearby residents.

I urge you to explore alternative locations for this facility.
