Application Number SMD/2024/0509

The building that this application refers to (The Old Court House) was built in 1911 by the Leek and Moorlands Cooperative Society and served as their central premises for many years. Sadly over time the building's condition has become progressively worse such that it will require substantial investment in order to save it. We believe that the only way to acquire this investment is by developing it into the suggested apartments and therefore wholeheartedly support this proposed planning bid.

Regards MT & CM Birch (Leek Post Office)
