Submission: Objection

Comments: I object to this application. This building has been an asset of the local community for centuries and its destruction is unnecessary. This pre 1750 public house building is a heritage asset that if destroyed would be lost forever. This public house has been sorely missed and its permanent destruction could have serious impacts on the physical & mental health of nearby residents in future due to the permanent loss of amenity. Furthermore, this development would cause local visual and environmental impact permanently changing the character of the area.
