Submission: Objection

Comments: I think that we need the cross Inn keeping because of the long standing history of the place as was once a communal hub for the local residents and think it should be brought back to life as a local amenity, not just for the residents but would also be beneficial for the caravans that are already being built as maybe a public house and local shop for the benefit of both, I think there are going to be more than enough caravans there as it is , and sure how they got planning for that amount anyway with the amount of traffic from them turning onto what is a very busy fast road as it is, and to add 9 more beggers belief , the environmental impact, health and safety impact and not to mention the absolute blot on the landscape it will already be, nevermind adding more to it
