No objection

-

The Plough Inn is a grade II listed building, with a distinctive mural located on the principle elevation. Historic photos provided within the heritage statement show that this mural evolved throughout the 20th century, to the current iteration appearing at an unknown date after 1952. However, these images show that the mural has consistently shown an image of the countryside with 'the plough' written above.

The application proposes to carefully clean and restore the current mural, details of the cleaning and restoration process are laid out in the heritage statement submitted. The mural is currently faded and as such careful restoration is supported. As such there are no heritage objections, provided that the method of restoration is as laid out in the heritage statement.

Recommended condition:

- The restoration hereby approved, shall be completed in accordance with the process laid out in the heritage statement submitted titled 'Heritage Statement - PP-13501212', unless otherwise agreed in writing by the Local Planning Authority. The development shall be carried out in accordance with the approved details.

Reason:- to ensure that the restoration works will not harm the fabric of the listed building.

Kind regards,

Rachel Robinson Conservation Officer
