Submission: Objection

Comments: Although we aren't aware of the children that will be housed at the new address, on reading up on the company they care for children with substance misuse and with mental problems.

It is known in the past they have been dealing drugs at the bottom of Platts avenue and also on and off over the years since. These are vulnerable children and will easily be targeted.

Also to hear the stories of the children from a relative working in the care home at Burntwood, loggerheads which was eventually closed for being unsuitable for a residential area after anti social behaviour from the children.

It's so sad that we have to have children needing care but I believe these homes should be in more of a rural setting. If the children have been using drugs or have mental problems then I'm assuming they will have 1-1 tutoring in the home so not necessary to be close to a school.
