11th December 2024

Dear resident and interested person(s),

**Land off Bemersley Road, Staffordshire – Planning Appeal APP/B3438/W/24/3351328
Correspondence on behalf of Anesco Ltd regarding revised plans**

We write on behalf of Anesco Ltd regarding their proposals for a Battery Storage Energy System on land to the east of Bemersley Road, Ball Green, Staffordshire.

You may be aware that Anesco wrote to you in 2022 regarding these proposals. Since then, Staffordshire Moorlands Council has refused the planning application for the development meaning Anesco has submitted a Planning Appeal to the Government's Planning Inspectorate to seek a determination on the proposals.

In submitting the Appeal, we have sought to improve the development and make other minor changes. These changes include.

- Revisions to the layout of cabinets and batteries within the application boundary.
- Reorientation of the batteries within the site to better sit within the existing levels.
- Reduction in the overall area covered by cabinets and batteries.
- Relocation of the development area further away from the eastern boundary, and therefore further away from sensitive receptors such as housing.
- Introduction of a turning area within the site.
- Associated landscaping and screening enhancements.
- Replacement of the proposed larger acoustic screen with a landscape-led screen solution, offering additional visual benefits.

The revised plans, along with the original plans and supporting information, are available on the development website (<https://anesco.com/ball-green-farm/>) and hard copies in addition to the enclosed plans can be provided on request.

Comments on these revised plans should be submitted no later than by 10th January 2025, and can be submitted via the website, the development email address (**projectdevelopment@anesco.co.uk**) or in writing (**Ball Green development, c/o Anesco Ltd, Easter Park, Benyon Road, RG7 2PQ**). Comments can also be submitted to Staffordshire Moorlands Council and the Planning Inspectorate quoting the Appeal reference of APP/B3438/W/24/3351328.

Should you require any further information, please do contact us using the details above or via the development website.

Yours faithfully,

Stantec on behalf of Anesco Ltd

Nick Pleasant
Planning Director
