Submission: Objection

Comments: I want to inform the authority that I object to the planning application for the following reasons.

I have recently purchased a house in the street and I was not made aware of this application/change of use for the address in the street. If I had been made aware, I either would not of purchased my property or wanted a reduction in price.

Secondly, there will be financial implications and value loss to the house. There is a large amount of elderly residents in the street who may be adversely affected by this change of use.

I would like to know what are the ages/vulnerabilities of the children that are to be housed at the address. There is already local ASB issues with children in the area and Meigh Road is a hot-spot for this due to the park at the end of the road. I don't feel that this will help this continuing ASB issues and will make the problem worse. I experience these issues with living on the street.

I feel this may cause parking issues at the address with visitors and staff and the amount of cars this will bring. There is enough parking issues on the street with people parking on the road.

I don't feel this would be a good solution as there isn't sufficient local amenities for the children on the street and it would be surrounded by elderly members of the community.

I hope these comments are taken into consideration.

Thank you.
