Submission: Objection

Comments: My objection to the traffic lights on uttoxeter are that in bad weather we would be unable to get up the drive from the slip road because the drive is steep and we wouldn't have enough space to get up the drive and then cars would be abandoned causing even more problems. Also what will stop cars from using the slip road to dodge the lights?which would be very dangerous getting out of the drive and also dangerous for pedestrians. And when the cars are sitting with their engines running releasing fumes which will cause health problems for residents. Also the placing of the traffic lights on the brow of the hill (tean way) does not give people chance to stop! There are many many reasons for our objections
