Submission: Objection

Comments: Both my husband and I strongly object to yet another BESS application purely for money.

As the solar farm has recently been turned down, why do these applications need to go in?

As it's been stated this week, there are far too many applications going in now, all over the country for what is actually needed so these should all be thrown out.

Again, noise, green belt, total disruption to the area and residents nearby but the applicant or land owner doesn't need to worry about that aspect as they don't live anywhere near. Wildlife will go. Huge fire risk!

This should be thrown out and leave Bagnall and the surrounding areas alone. Such a beautiful area but will be totally ruined if this goes ahead all because some people just see £ signs!!!!
