Comments: I strongly object to this application to widen the age goalposts.

I think another site visit by the planning committee to 4 Millers View (like you would on viewing a property), to see if anything has changed, and ask why was this application passed in the first instance, no pavements, on a bend, and a very quiet location, bordering a nature reserve. It must be hard enough for the refuse collectors reversing up that part of Millers View, without the addition of maybe pushchair/wheelchair users.

Will outside lights be on all night, causing disturbance to the immediate neighbours?

What will be next for the property? Half way house or a HMO? Please consider, planners, would I really like this next to me.
