Submission: Objection

Comments: The area is already overdeveloped. School children use the road to walk to Endon High School from Brown Edge. It is already dangerous because many cars drive in over the speed limit. This development will increase traffic further making it more dangerous for these children. This is made worse as the proposed access is on a bend. The houses do not fit the character of the area and are squashed together as the developers only concern is maximizing the development value. If we keep overdeveloping like this then rural villages like Endon will lose their charm. One or two houses on this site would be more appropriate.
