Submission: Objection

Comments: We would like to reiterate our objection to this application and confirm that the revised information submitted for the application does not in any way alleviate our concerns. We remain highly concerned about the significant detrimental impact the development would have on our property (as outlined in our previous objection), also on surrounding properties.

We note that the support for the application is limited, and particularly that, whilst the Parish Council have supported the application, they have not detailed any specific reasons for doing so.

We also want it noted that we did not receive any correspondence to inform of this application at the beginning of the process, only more recently in respect of the revised information.
