Submission: Objection

Comments: I would like to express my objection to the proposed application on the following grounds: No provision of parking in an a location where 36 Flats with no parking provision already exist plus the houses in Field street. This in conjunction with the only Post Office plus the Royal Mail sorting office creates an existing crush of cars entering leaving and parking in the area.It is a miracle no child or one of the older residents of which we have many in Leek have not suffered injury or worse due to the amount of traffic and parked vehicles at the present level an increase in this location of 9 flats and up to 18 more cars would increase the likely hood of an incident greatly. Waste disposal is also not addressed where are the 27(Blue/Brown/Grey) wheelie bins going to stored and collected from an issue that if you are familiar with the housing stock of the immediate vicinity creates an issue due to the lack of external space attached to most terraced housing.
