Comments: I have concerns about the vehicle access to the site. It's off an increasingly busy road and the mini roundabout there is often ignored and vehicles race across it. Cars parked along Rudyard Road make it difficult for drivers to see what is coming up the road and will make leaving the site difficult. The access to the site will be opposite the bus pick up point - another issue that will need addressing.

Visitors and residents often cross at the mini roundabout (and proposed access site) so could some consideration be included in this development for the safety of pedestrians crossing this busy road ?

I object to the demolition of what is called the Shelter. This was a pill box built to support the home guard of Rudyard during WW2 and is an important structure in the history of the village. These historical structures should be retained and incorporated into the design rather than demolished and lost to history.
