Submission: Objection

Comments: I strongly object to this planning application. Rudyard is a small village already struggling with extremely busy roads and very limited access to parking particularly for the additional tourist visitors to the lake and railway. This proposed development would place additional strain on our infrastructure, worsening congestion.

The designated bus stop (which is lubricous) for residents and visitors is around the corner from the collection point which would be adjacent to the entrance/exit. of the planned development. Totally inconvenient and poorly thought out. This development does not align with the needs or capacity of our village!
