Hi

I am writing this with regard to the planning application to build houses on the Blakemore and Chell site.

I recieved this letter via neighbours, on Saturday (17.5.25) and did not reviece a copy through the post, nor was any public notice of this made around the area?

I have some concerns over privacy as the houses appear to overlook mine and seem to be quite high? also, the proximity to my property.

Please could you shed some light as to the status of the application?

Thank in advance

Mark
