Submission: Objection

Comments: I fully object to the re submitted plans. It is my belief that the refusal of the initial application was the correct decision and that nothing has been produced to change that decision. This unlawful development has already had a negative impact on the openness of the green belt land with large high fences erected and the newly formed hard gravel surface. I strongly encourage the LPA to refuse this application and that they insist

the fences be removed and the ground be returned to its soft finished surface with the hard gravel surface being removed.
