Submission: Objection

Comments: I am a Park Lane resident. We already have Ingres and egress for different properties. I live on the narrowest part of the lane, only wide enough for a single vehicle and when there are delivery vans, lorry's, bin lorry's and people leaving their vehicles in the lane because they won't pay for parking it gets very congested. We also have vehicles parking at the bottom of the lane which makes it very difficult to even drive up to our properties. Saying there is street parking is ridiculous, there is only street parking if they use the pavement, if you call that safe then yes there is street parking. We already have disruption from The Terrace home, its very unsettling hearing the residents shouting etc, we cannot sit in our gardens when it is very noisy. How can you guarantee we will not suffer the same problem with this housing project? If this goes ahead and, if common sense rules it doesn't, then I and many residents would have a right to ask for a council tax rebate.

I wouldn't have known about this had my neighbour not seen the notice put on the telegraph pole opposite the address, are you trying to sneak it in under the radar?
