Submission: Objection

Comments: We would like to echo the concerns of our neighbours. This is a proposal to run a business from a residential area, which struggles with traffic and footfall as it is. This new enterprise will add significantly to the parking /traffic issues. The type of children this business being set up for will require significant support from varying services , which will entail lots of visits to and from the facility and -despite assurances that anyone who cannot park on the drive will ¿park away¿ where will this be? There is no parking. Town End is parked up essentially 24/7, and we already have people parking in front of our properties and turning points because of this. We often have people parking outside our property which means we have to pull out onto Park lane blind and this will only exacerbate the issue. People park at the bottom of Park lane creating a bottle neck before you even get to the houses, so until these highway issues are resolved we cannot give our support to this venture.
