Submission: Objection

Comments: This application has previously been refused- it seems wrong / underhand to be able to resubmit under another number.

I believe it would have a very negative impact on a beautiful rural area and would impact on the wider views/landscape in the region

As it has been turned down once presumably it will be turned down again on same grounds

Country lanes not suited to the heavy traffic involved

Noise pollution for local residents

Impact on local wildlife- owls, birds, general animal population

Long term damage to greenbelt land

Land not suited to this kind of imposing development

Destruction of an area of rural beauty and is not appropriate in this place
