To Planning Application manager,

I am writing to Express my horror to hear that a proposed planning Application as been Submitted to build houses above Rakeway Estate coming onto Manifold drive. Spoiling on the beautiful Country side / Scenery and affecting the wildlife. if you stand around ^{the} town and look towards Freehay you see rolling countryside this would be heavily impacted by additional housing, which would also ~~add~~ ^{add} to the already busy town roads School doctors dentists etc. I would like also to know ~~why~~ you want to build on green fields when there's places like sole dairies in hole and light wood nurseries home in well street Cheddar that have been empty for years why aren't houses being built on these places. also I am greatly concerned about the build up of water after heavy rain, we already have issues with flooding around the Estate this would be more exaggerated with more houses, over the last few years we have noticed our garden flooding after heavy rain and this is only going to get worse.
