Application Reference No. : SMD/2025/0250 Site Address: Land off Leek Road Werrington Staffordshire ST9 0DQ

Submission: Objection

Comments: The location is situated outside the 2km boundary from Cellarhead Substation, therefore according to other applications is not financially viable. In addition, this will need to be connected underground to the Substation. How will this be possible from the location without significant road works, disrupting traffic - again. Previous applications of this nature claim there are no other suitable sites. However, the companies applying for planning of these installations seem to keep finding 'suitable' sites on greenbelt land.
