Submission: Objection

Comments: We at 26 sawyer drive strongly object to these plans. Every house on this estate including sawyer drive has been open plan. The single story building when completed will be too close to our property it won't be in keeping with the rest of the estate also sawyer drive. All the houses in our street have the same distance between them. If these plans are passed it will change the dynamics of sawyer drive also the concern is the light when completed we feel it will obscure the light to our house the extension will be a lot closer to our home. There will be no garden on the other side of the road at 19 sawyer drive just a large fence and the building. We have lived here for 48 years if these plans are passed it will change the whole dynamics of sawyer drive we strongly object to this
