Submission: Objection

Comments: I should like to record my objections to the planning application sm/2025/0243 at rakeway cheadle. My reasons for objecting are that. The extra traffic generated would add significantly to an already highly congested road system. The resulting increase in population would further restrict the chances of seeing a doctor of choice. The area is known to be at risk from flooding. As you are probably aware there is video footage to show the sewage system in the town is becoming overloaded and cannot keep taking more and more houses. I respectfully but firmly submit my objections. yours J D Mosley
