Comments: OBJECTION.

Surrounded by Ancient Woodland, SSSI sites and wildflower meadows this idyllic area and its abundant wildlife would be greatly compromised, not only by the addition of 4 out of keeping Glamping Pods, but also by their occupants.

Noise and light pollution will upset the fine ecological balance.

There is a danger from run-offs from not only septic tanks, but also chemicals used for hot tubs entering the Cotton Dell brook; Cotton Dell awarded a S S.S.I. site.

Glamping Pods attract very short term occupancy, with numerous change- overs per week, thus increasing disturbance to the fragile ecology and local residents alike.
