Enquiry details

I refer to the above building application submitted by Mr Chris Thompson of the Foxlowe Arts Centre and would like to point out that my property share a boundary walk with the Foxlowe, yet within the application itself under the section marked Consultations, we are not one of the parties referred to consult with. Any proposed works to the Foxlowe will infringe on our privacy for an extended period of time, will spoil of views of the Roaches which we can currently see from out garden. it will create excessive amounts of noise and dust pollution which will have a direct impact on our ability to enjoy our garden. The extension of this facility will also create increased congestion on the roads, have a further negative impact on parking in the town centre and create bottle necks in the traffic. Any further proposals to alterations of the rear extension to the Foxlowe must not only include Church St, but also no 4 Church St which has also not been referred to which this application and who also share a boundary wall with the Foxlowe before moving forward. I looking forward to your response on the points raised. Kind Regards

Kevin Kennedy
