Submission: Objection

Comments: I note that it appears no decision has been made on this, and I have only just been made aware of this application. I would like to formally lodge my objection if it is not too late.

Whilst the building looks shabby, it is an important part of the local history, with event the D&A statement indicating it has been there since at least 1879. Staffordshire Moorlands residents are proud and protective of our heritage and our part of the world. We are currently at constant threat of development and it fills us with dread to think about where it will end. Landfill on the golf course, shabby huts in the quarry, and now cheap and tacky caravans right on the side of the road. It's time the outsiders that come to live here stop trying to over-develop the beautiful area and allow it to stay as an unspoilt part of the world. This building's character is an integral part of Cauldon Lowe and I respectfully urge the council to refuse to allow this building to be erased from existence.
