Comments: I fully support this planning application. I have been down the track myself to family event and see no issues with its safety. As someone who goes travelling a lot in a motorhome, I have been to campsites all over that have much much worse access. There are public roads down in Cornwall that are a lot worse than this and with no passing places! This track seems more than adequate for the modest 4 pod glamping site that is being proposed, with plenty of usable passing places.
