Submission: Objection

Comments: I would like to strongly object to the above application.

This building is supposed to be purely for agricultural use only but it obviously isn't. Looking at the photo on a previous objection showing the destruction of green belt land is awful. This building needs to be used for agricultural use or remove it as certain people think they can do what they want around there because it's hidden behind a row of conifer trees. Wasn't this building hoping to be linked to the horrendous solar farm? With everything going on, please refuse this application once and for all and think of your communities. Don't support companies/people who couldn't care less and who are ruining our beautiful area.
