Date: 13 August 2025 09:31:23

To whom it concerns,

Thank you for consulting with Staffordshire County Council's Historic Environment Team with regards to the above discharge of condition application. We have reviewed the proposed text/content for the interpretation board and the proposed specifications/location and are satisfied with what is proposed. As such, we are happy to recommend that Condition 23 of SMD/2021/0456 can be partially discharged insofar as it relates to details of the board. Details regarding management arrangements appear to be outstanding, whilst the board needs to be installed, in line with the requirements of the condition text, before the condition can be completely discharged.

Please let me know if you have any questions or queries.

Best wishes,
