Submission: Objection

Comments: I Strongly object to this planning application going ahead. This lane is not equipped to cope with the amount of HGVs planned to use it. It is a single track lane with no pavement or passing points as such. Traffic as has happened before will use private driveways for passing, churning up grass verges etc. This lane is used for tractors, horse riders, walkers and cyclists, it will too dangerous to let that amount of lorries on the lane. We run a successful clamping business and the noise and disruption will affect us enormously as people come to stay with us for the peace and quiet.
