Subject: NMA/2025/0018 relating to SMD/2022/0444 with high importance.

Dear All,

I am contacting you as a resident of Wetley Rocks regarding the above planning application.

All the previous NMA's relating to this application have been decided at full planning committee due to it being noted on the planning portal as contentious, this particular NMA is a delegated decision !

As a parishioner of Cheddleton I would like to make you aware that there haven't been any Cheddleton Parish Council Meetings since 27th May this year which hasn't enabled people to voice their concerns on very important issues that have been going on in this area and as far as I'm aware there have not been any planning applications discussed by the Parish Councillors.

The only District Councillor I have felt I have been able to approach on this subject has been due to the remaining two having an interest in this planning development but sadly I have not received a reply to my emails.

The residents in this area have been constantly suffering from noise, dust, mud and daily chaos with constant hgv trucks and tractors & trailers carrying soil, waste and rocks on this single track road in parts with blind bends and depositing it at various locations with no one available to contact regarding these daily occurrences. Our very own SMDC planning department implemented this condition 15 for a valid reason therefore it is essential that this application is referred to a committee decision.

Yours sincerely
Debbie.
