Submission: Objection

Comments: I believe that the proposed application concerns green belt land and oppose the granting of planning permission on the grounds that a positive decision would inevitably set a precedent for further applications in a predominantly rural area. In addition it should be noted that traffic on Sutherland Road is already at dangerous levels with no pavement on either side for long stretches and no street lighting. A number of residents already have problems leaving their premises safely due to excessive speed and parked vehicles, additional traffic would only add to this.
