Submission: Objection

Comments: We Live directly Opposite the rear of 177A Uttoxeter road , and we object fully to the Erection of the fence that has been erected already without planning permission . The fencing around the boundary of the property has been erected at the height of 3.17 metres this is totally Not in keeping with the area , isn't secure and is above the height that would sometimes be considered for planning . Its a eyesore for the village but more concerning , we have a special needs school next door which doesn't have fences this high . Ive read in the planning application that the fence has been erected to keep safe the public , school children , taxis ect , surely if residents living at the property are a danger to public they should be in a more secure units , we have also been told by a elderly resident that he has had his windows smashed at the side of his property from the resident's from the home , concerning for criminal damage again should these type of residents be homed in our village . We Wish for the council to support us fully in getting the fencing removed .
