Subject: RE: App ref DOC/2025/0060 Condition 5 lighti

Categories:

Hello Reuben,

Apologies 1st message sent without text.

The information tends to indicate low level lighting, but I would advise the actual specification/details of lighting to be installed are submitted to support the advice.

CONDITION 5 : EXTERNAL LIGHTING

It is proposed to provide externally mounted wall lights adjacent to the three entrances / external door openings and one adjacent to the car parking area; with these being to the wall surface at door head height to the side of openings and at 3m . height to the sw corner of the cart shed building. All are to be down lights, ie: electric lights with no emittance of light upwards or to the side greater than an angle greater than 60 degrees to the horizontal plane (ground).

Thanks

Denis
