Dear *Sir*,

Re: Extensions at Willow Tree Day Nursery, Craigside, Biddulph, ST6 8BN

I refer to the above, the documents submitted and your letter dated 07/01/2025.

In answer, please find attached Amended Site plan 24.25-04-06 addressing most of the points raised. We trust you find this acceptable.

We still do not have to hand Coal Risk Assessment from Geocon Site Investigations Ltd. and the Biodiversity Nett Gain Information.

As soon as these are to hand we will submit by return, trusting the application can remain valid in the interim.

Best Regards
