Submission: Not Object

Comments: First floor extension over existing ground floor structure and replacement conservatory. No Objection as the two extensions both sit on the footprint of the existing dwelling with the conservatory being replaced with a traditional brick / block construction orangery which will provide a insulated solution for all year round use. The second extension is to build on top of the Utility room with a first floor construction to increase the size of bedroom 2 which will allow the occupants to position a double bed within and make the dwelling more family orientated.
