Submission: Objection

Comments: Many thanks for giving us the opportunity to comment on this application again.

My objection still stands for the reasons set out in my previous objection and our community objections.

I still use the menage at Breeze House for dressage training and the proposed ridiculous sized shed and its uses will spook my horses. The huge pile of trees that are clearly going to be chipped where they are will scare the living daylights out of my horses, as well as the surrounding livestock and wildlife. It will inevitably be a continual chipping process at this location, as they will need to replenish the woodchip, as trees are felled and the woodchip is used up.
