Submission: Objection

Comments: From the meeting on Monday 3rd November.

I wish to add my objection as follows

Horses and Irresponsible drivers do not go together

Posing the question, would you drive your vehicle around a bend wearing a blindfold?

I had fields on Sandy Lane close to the proposed application for over 30 years and I have found that riding my horses around Caverswall has been therapeutic for my mental health. I've always said 'you can take the world on when you have ridden around the lanes'.

However, the last few years has become a racetrack for irresponsible drivers who think that they own the road

I have almost been hit on a number of occasions and only last Sunday 26th October from a landrover from the event at the quarry. They had total disregard for my friend and I speeding past and forcing us into the ditch

The vehicles from the neighbouring farms are very respectful when driving and always stop until we get past , however this application put forward (incidentally with no yellow sign ever being on display) would destroy our enjoyment of the countryside.

There would be lorries and vans with their rattling trailers coming around the bends.

Can you imagine the feeling from horse and rider hearing a vehicle coming around the bend and you cannot get out of the way. From my experience it is terrifying!!

I am retired now and like to ride in the week when it is generally quieter. This would change dramatically and I would be frightened to go out

Keep Caverswall as it should be for horse riders, dog walkers , cyclists and pedestrians
