Comments: I think the proposal of a drive thru coffee shop is a fantastic idea, it will be extremely beneficial to the town, it shall create job opportunities for the young people of the town and will be a massive improvement on the empty wasteland that is currently there and has been for many years. It will mean people will have a reason to stop in the town rather than just travelling through, there were many worries regarding McDonalds coming to the town but I have spoken to many people who have ended up coming back to visit as they had stopped off to use McDonalds and otherwise wouldn't have known our town was here. The local independent coffee shops I don't think shall be affected as this is out of the town centre and many of those have loyal customers.
