To SMDC Planning.

With regards to the requested information, planning application SMD/2025/0456

The roof tiles were replaced with Marley Modern MA 10428 smooth grey roof tiles, which we have been informed were used so that they look the same as the roof tiles as the next door neighbours at number 36 Wellington street, number 40 wellington street which are also Marley Modern, as well as 53, 55 and The Wellington Inn Public House which is across the road.

I hope this information helps.

Kind regards Philip White.
