DISTRICT COUNCIL
MOORLANDS HOUSE

TRANSMITS B. TURNOCK

We would like to object to the planning of the house 388 in Ash bank Road Werrington from a Private residential home into a children's home, for the reasons of one it will ~~do~~ reduce the price of the properties around it, and to to put children in this house on a very busy main road is asking for trouble, ~~the~~ the Council will realise that this is in a bad situation for children of any age, also the access and egress of this property is not safe for getting on and off with vehicles of all kinds, I cannot believe that someone doing this residential house into a children's home it appals me and also lots of other people around this area what some prisons will do to get money for themselves, it is ridiculous to put this as a children's ~~own~~ HOME

You have only got to think about the comings and goings of the people that will live there and the people visiting this is a bad idea in a bad situation and we strongly object to this planning application for a children's ~~own~~ ^{HOM}, I know you might say not in our backyard ~~be~~ ^{BE} afraid this is not the situation with me and my wife and my next-door neighbours.

^{BUT}
~~But~~ is going to take the blame when the first person gets injured or killed coming off this very dodgy drive, as you can see the pavements are very narrow indeed and anybody with the sense for the safety of these people would not accept this and this planning application should be thrown out.

There are a lot of old people near to this property just think of the problems they will have day and night as I suppose these young people cannot and will not be controlled, just like lots of young people today, so please don't put them or orders in this situation think of what this involves as you may be aware if you have all parents that we can't stand the problems these young people will bring, it is not like when we were young we could be controlled but today know one not even the police want to keep coming out to a situation that this will make.

Yours sincerely
Mr and Mrs B Turnock.

AS WE ARE OVER 80 ME 86 WE CAN NOT STAND
FOR THIS, AS YOU MAY REMEMBER WE HAD EGGS ETC
AT ARE THROWN
