Hi Bryan,

I have attached the letter for you to object to the Higherland Farm planning application.

I have paste the text below just in case you cant load up the file.

Cheers

Pete

Mr S B Garner,
Highfield,
Roughcote Lane,
Caverswall,

Staffordshire,
ST11 9EG

Dear Sir / Madam,

I object to planning application number **SMD/2025/0385** for Higherland Farm.

Green belt should be protected and not used for this type of commercial operation. There are many sites in the Moorlands and the City close by that are more suitable and closer to good road networks without weight restrictions. The area has many stone merchants selling the same types of hard landscape materials, and so the economic argument in the application is flawed, and any benefit to the local community would be absolutely minimal.

Roughcote Lane is already used by a lot of motorists and trucks, and it has become a busy rat run for people taking shortcuts. I don't want to see any more vehicles on this road. It has lots of damage to the road surface already, and our grass verges are always being ruined by trucks, having to pull over to let oncoming traffic pass because of the narrowness of the lanes. The lane has lots of blind bends, and you have to be very careful when either walking or driving around here.

I have lived here for many, many years and seen a gradual increase in traffic. I don't want to see it increase any more.

Yours sincerely
Bryan Garner
