Email: [REDACTED]

Submission: Objection

Comments: I fully support the comments put forward by Public Comment Basford Green Community. The pile of dead trees adjacent to the site were felled without permission from around a watercourse, to the north of the Bath House,, so that an agricultural track could be constructed without permission and for which retrospective planning was refused. I believe a reinstatement order was made. Has this been complied with? Has the replanting order made by the Forestry commission yet been complied with? Has the planning officer been made aware of the biomass chip storage site, the huge concrete bays just metres away from this proposed site?

This storage facility is placed to cause the greatest possible hurt to an innocent and quiet community. The people with no influence.
