Categories: [REDACTED]

Dear Jane,

Thank you for consulting with Staffordshire County Council's Historic Environment Team with regards to the above discharge of condition application in relation to SMD/2022/0548.

A Written Scheme of Investigation (WSI) for geophysical survey has been reviewed, and the survey has been completed, with the report also completed to the standard as set out in the aforementioned WSI and in line with industry guidance. Following this, a WSI for archaeological trial trenching has been submitted and reviewed, and I am satisfied that what is proposed is in line with our requirements and the relevant industry standard and guidance. As the work outlined in the archaeological trial trenching WSI is yet to take place, I am happy to recommend that Condition 11 of SMD/2022/0548 can be partially discharged insofar as it relates to the WSI, meaning that the elements of the condition relating to fieldwork, reporting, and archiving will remain outstanding.

Please let me know if you have any questions or queries.

Kind regards,

Laura
